### A message from your Coordinator

Hello,

At oshc we have been exploring lots of different activities the past few weeks, during science week we made sherbet and set up an experiment to see what germs look like on a slice of bread we used dirty and clean hands last week we could see how important it is to wash our hands. Lots of outdoor play when it's not raining and indoor/outdoor activities so that children have a choice.

Holidays are just around the corner so if you need care you can use St Margaret Mary's or simply search the CA website to find a service near home or work.
